MEMORANDUM FOR: Associate Deputy Director for Operations

FROM: Stanley Sporkin
General Counsel

SUBJECT: Review of [redacted] Records by Senator
Weicker: Your Memorandum of 25 June 1984

STAT

1. I received your memorandum to the Director, OLL, dated 25 June 1984. I wanted to ensure that you were personally aware of my views on this issue prior to any final response to Senator Weicker.

2. There is no legal impediment to the Agency's honoring its commitment to show Senator Weicker the records in question, provided it is done under the auspices of the SSCI. The filing of the lawsuit by itself is not a legal basis for refusing to show the documents to the Senator. In my mind, once a commitment has been made to the Congress, it should be honored. If you choose not to honor it, then it is important that you clear this decision with the DCI since it could have adverse ramifications for the Agency.
